Evening activities are not required, but most band members choose to attend – they're fun, and a great way to get to know your section and the band better!

The dining halls will be closed for dinner on Saturday, but there will be a campus barbecue after our performance (free for all). If a meal isn't listed here, it isn't covered. Dinner on Wednesday is a section dinner on your own (not covered by the band). Have fun with it!

The schedule has been designed to allow first-year students to attend the required meetings and activities for Wildcat Days. Several optional Wildcat Days activities are listed that don't conflict with rehearsal. Resource Fair and Music Department Open House are open to student volunteers to work at and meet new students.
